Webinar Explained

An ATARC hosted webinar is a digital collaboration platform that enables meaningful interaction between government, industry and academia. Suggest a topic, provide input on speakers, and let ATARC take care of government speaker recruitment, marketing, content consultation, and live webinar production.

Value

Positions your company as a market leader around a particular issue, topic or program through custom, primary market research • Enables you to reach a new, targeted audience, gather intel from the government community on their most pressing challenges, and educate them on your innovative solutions • Demonstrates subject matter expertise and builds credibility regarding technologies and challenges affecting your market • Gathers insights into forces affecting the market, key technologies, and market needs and perceptions • Delivers an opportunity to generate new leads and share with existing clients

Suggested Format Options
