

GPVUE

Annual Program Review

Quarterly Business Reviews

Security Program Management

APPLICATION SECURITY

- Application Security Program Assessment
- Application Security Assessments & Penetration Testing
- Application Threat Modeling & Threat Modeling Training
- Application Security Architecture Review
- Secure Code Review
- Secure Developer Training
- SAST/DAST/RASP/IAST Implementation
- Pipeline and Policy as Code
- DevSecOps Integration & Automation

CLOUD SECURITY

- Cloud Security Governance
- Cloud Security Health Check
- Cloud Readiness Assessment
- Cloud Security Architecture Review
- Cloud Security Engineering
- SaaS Security Assessment
- Cloud Security Management Implementation
- Cloud Security Program Development
- Container Security

DATA SECURITY

- Data Governance & Privacy
- Data Loss Prevention
- Sensitive Data Identification
- Data Encryption & Tokenization

EMAIL SECURITY

- Phishing Services
- Email Security Strategy
- Email Security Deployment & Optimization

ENDPOINT SECURITY

- Endpoint Security Program Development
- IOT Security Services
- Asset Management
- EDR Advisory Services

GOVERNANCE, RISK & COMPLIANCE

- GRC Tools Enablement
- Risk Assessments
- Security Policy & Standards Development
- Security Program Review & Strategy
- Security Architecture Review
- Third Party Risk Management
- Virtual CISO
- Compliance Assessment & Advisory Services (CIS Controls, DFARS/CMMC, GDPR, HIPAA/HITRUST, ISO 27001, NIST SP 800-53, PCI DSS (QSA), and more)
- Cyber/Business Resilience
- IT Disaster Recovery Planning and Testing
- FedRAMP Advisory

IDENTITY & ACCESS MANAGEMENT

ADVISORY SERVICES

- IAM Program Assessment
- IAM Strategy & Roadmap Development
- IAM Architecture Review & Health Check
- IAM Proof of Concepts
- Zero Trust Workshops
- Passwordless Workshops

IMPLEMENTATION SERVICES

- Access Management
- Privileged Access Management
- Identity Governance & Administration
- Multi-Factor Authentication Service
- Single Sign-On
- Customer Identity Access Management

INCIDENT RESPONSE & THREAT INTELLIGENCE

- Ransomware Investigation & Response
- Threat Hunting & Discovery Services
- TI Maturity Assessment
- Attack Surface & Dark Web Discovery
- Threat Intelligence Platform Management
- Incident Response Retainer
- IR & Blue Team Enablement
- IR Plan Development
- IR Playbook & Runbook Creation
- Tabletop Exercises
- Digital Forensics

NETWORK & INFRASTRUCTURE SECURITY

- Network Access Control Services
- SASE Deployment
- SSL Orchestration
- Firewall Deployment & Optimization
- Network Asset Discovery

OT SECURITY SERVICES

- OT Penetration Testing
- OT Architecture Review
- OT Security Program Review

MANAGED SECURITY SERVICES

- Application Security
- Breach & Attack Simulation
- CISO (virtual)
- Compliance
- Identity
- NGFW
- Penetration Testing
- Phishing
- SASE
- Security Analytics
- Third Party Risk Management
- Threat Intelligence
- Vulnerability Management

PLATFORM AS A SERVICE

- Client Owned Technology
- Co-managed Operational Support
- Staff Augmentation Alternative

SECURITY AWARENESS

- Security Awareness Program Development
- Security Awareness Training

SECURITY OPERATIONS

- Log/Data Pipeline
- Insider Threat Engineering
- Insider Threat Program Development
- Security Analytics Services
- SOC Optimization
- SOAR Implementation
- SOAR Playbook
- SOC Maturity Assessment
- Countermeasure Development
- Network Security Monitoring
- Threat Emulation

VULNERABILITY MANAGEMENT & PENETRATION TESTING

- Automated and Manual Penetration Testing (External / Internal / Wireless / Application / Cloud)
- Red Teaming
- Purple Teaming
- Social Engineering
- Vulnerability Scanning
- Active Directory Security Review
- ICS Penetration Testing
- Hardware/IoT Assessments
- Capture the Flag Services
- Vulnerability Management Implementation / Health Check
- VM Program Development
- VM Automation & Integration
